<p>Event coordinator Babatunde K. Olorisade</p> <p>Program chair Md. Forhad Rabbi</p> <p>Proceedings chair Gabriel</p> <p>Finance chair Gemma Martin Vigo</p> <p>Logistics chair Arturo Gomez</p> <p>Web content Diogo Aihara</p> <p>Important dates</p> <p>Indication of interest March 27 2009</p> <p>Full Papers Submission April 25 2009</p> <p>Posters Submission April 25 2009</p> <p>Full Paper Acceptance May 30 2009</p> <p>Final Registration June 4 2009</p>	<p style="text-align: center;">Call for papers</p> <p>The EMSE program will be officially graduating its first set of students by summer 2009. The program, coordinated by four top European Universities attracts participants from across the globe. The participants are trained to meet the requirements of the international software practice in today's world.</p> <p>The Workshop of the European master on Software Engineering (WEMSE) is an initiative of the students of the program, and its objective is to create an atmosphere for students and lecturer interaction outside the walls of the school. Also, it aims to prepare graduating and non-graduating students for the professional life – academic or industrial, after the masters program. Finally, it serves as the meeting point for all the students of the program and a forum to create the EMSE family spirit.</p> <p>The workshop encourages the exchange of ideas related to software engineering between participants. The subject of discussion can be from any field of software engineering whether emerging or established. Also, the studies may vary from empirical studies to theoretical analysis – either qualitative or quantitative.</p> <p style="text-align: center;">Full paper submission (Students)</p> <p>Papers describing either published or unpublished works are solicited from EMSE students. Four of the papers shall be chosen for presentation during the workshop. We encourage second year students to submit their thesis summary; submission is welcome from other students who have any work to present as well.</p> <p>All papers should be sent to papers@emse-students.org on or before the indicated date. Papers are limited to 10 pages, must be written in English, and must be formatted according to the IEEE CS Press Proceedings authoring guidelines (http://www.computer.org/portal/site/cscps), a sample format can be downloaded from http://www.emse-students.org/wemse_2009/docs/instruct8.5x11.doc.</p> <p>Papers that exceed 10 pages are outside the scope of the workshop, or do not follow the formatting guidelines will be rejected without review.</p> <p style="text-align: center;">Posters submission</p> <p>Posters are requested from all EMSE students for presentation at the program. A sample of a poster, with the specifications that has to be followed can be found here: http://www.emse-students.org/docs/poster - sample.ppt . Completed posters should be forwarded to posters@emse-students.org .</p> <p style="text-align: center;">Audience</p> <p>This program is open to the public. However, all interested participant must comply with stated dates for indication of interest and registration.</p>
